

I HAVE SOCIAL MEDIA, DO I NEED A WEBSITE?

DEFINITELY!

Your business has an Instagram and a Facebook page so there's no need for a website, right? Not so fast.

Having a clean, purpose-driven website that looks great on mobile devices is essential in today's digital era. It provides a place for you to share what your company does and how your products/services can benefit the end-user.

Let's work together to build you a unique and purposeful website that both you and your customers will love.

WHY A WEBSITE?

58%

OF GOOGLE WEB
SEARCHES COME FROM
MOBILE DEVICES

38%

OF PEOPLE WILL STOP
ENGAGING WITH A WEBSITE
IF ITS CONTENT OR LAYOUT
IS UNATTRACTIVE

CASE STUDY

Client: Country Green Excavating

Objective: Develop a user-friendly website to represent them as a professional online

Description: Country Green needed somewhere for prospective clients to learn more about their story, the services they offer, and a place to share their company vision.

We partnered with them to develop a website that displays all of the necessary information while being easy to navigate and offering visitors a clear call-to-action.

RESULTS: **10,000+** NEW WEBSITE VISITORS
